PROFESSIONAL SUMMARY

Michael Hutahaeen is an incoming Master–Doctoral student in Economics at SOAS University of London and currently serves as Deputy Programme Manager at Resilience Development Initiative (RDI), a global think tank with a strong focus on conducting studies related to resilience and sustainable development. His research focuses on sustainable urban planning, megaproject development, circular economy, economic and development policy, climate change adaptation, and sustainable and resilient infrastructure.

He supports business development and strategic partnerships at RDI, while also contributing to a diverse portfolio of research projects and consultancies supported by prominent funders and organizations, including the United Nations Development Programme (UNDP), the Wageningen Centre for Development Innovation (WCDI), the Urban Studies Foundation (USF), Deloitte, and Ernst & Young (EY), among others. His expertise and interests align with his commitment to fostering sustainable practices and innovative solutions in the built environment.

EDUCATION

SOAS University of London

London, United Kingdom

Incoming Master–Doctoral Student in Economics

Sept 2026 – Sept 2030

- Awarded the **2026 Arryman Scholarship**, a fully funded scholarship from the **Indonesian Scholarship and Research Support Foundation (ISRSF)**, to pursue Master’s and Doctoral studies at the SOAS University of London
- Will pursue an **MSc in Economic Policy**, followed by a **PhD in Economics**
- Research focus: circular economy, megaproject development, political economy, and urban infrastructure planning

Institut Teknologi Bandung/ Bandung Institute of Technology (ITB)

Bandung City, West Java, Indonesia

Bachelor of Science in Urban and Regional Planning (Cum Laude)

Aug 2018 – Sept 2022

- GPA: 3.63/4.00
- Received fully-funded scholarship (named TELADAN Leadership Program) from Tanoto Foundation

Harvard Business School (HBS) Online

Online

Certificate in Strategy Execution

Aug 2022 – Oct 2022

- Course: Strategy Execution (Leadership & Management) Course

Ritsumeikan University

Online

Course: Summer Sustainable Development Goals (SDGs) Online Program

Aug 2021

- Conducted group presentation with urban agriculture theme which discussed the relation of urban agriculture with SDGs in Japan, China, and Indonesia.

University of Amsterdam (UvA) Online Summer School Programmes

Online

Courses: Political Economy & The Circular City: Towards a Sustainable Urban Ecosystem

June 2021 – July 2021

- Grade point (in US Letter): A

PROFESSIONAL EXPERIENCES

Resilience Development Initiative (RDI)

Bandung City, West Java, Indonesia

Deputy Program Manager

July 2024 – Present

Program Officer (promoted later to Deputy Program Manager)

Jan 2024 – June 2024

Deputy Program Officer (promoted later to Program Officer)

April 2023 – Dec 2023

Research Officer (promoted later to Deputy Program Officer)

Oct 2022 – March 2023

- Core skill set:** research and development, program management, policy analysis, strategic partnerships, business development.
- Started full-time as Research Officer in October 2022; promoted to Deputy Programme Officer within six months, then to Programme Officer in January 2024, and subsequently to Deputy Programme Manager in July 2024.
- Provided strategic leadership to multiple units, including the Grant Unit, Outreach Unit, and Smart System Center (SSC),

ensuring alignment with organizational goals.

- Spearheaded business development initiatives through market research, strategic planning, and stakeholder engagement to explore potential collaborations and expand partnerships.
- Led and contributed to research and consultancy projects focused on megaproject development, circular economy, housing and building reconstruction, climate change adaptation, disaster and climate-resilient infrastructure policy, and urban studies.
- Managed and delivered diverse and cross-sectoral projects, ensuring timely execution and high-quality outcomes across multi-disciplinary teams.

Institut Teknologi Bandung/ Bandung Institute of Technology (ITB)

Bandung City, West Java, Indonesia

Graphic Designer (Voluntary)

May 2022 – Nov 2022

- **Core skill set:** visual communication, branding and style guidelines, digital content production, stakeholder coordination.
- Produced communications materials for Tanoto Student Research Award (TSRA) 2022 in collaboration with ITB's Directorate of Student Affairs.
- Developed and applied a consistent visual identity across campaign assets to strengthen brand coherence.
- Designed promotional deliverables (including posters and YouTube bumpers) to increase event visibility and audience engagement.

Sea Warden

Online

Data Analyst

May 2022 – Oct 2022

- **Core skill set:** geospatial analytics, data labelling, manual image verification, Python, spatial visualisation (ArcGIS), remote sensing-based monitoring.
- Performed weekly manual visual analysis of pond-activity imagery to support marine monitoring and decision insights
- Developed data-driven recommendations by producing spatial analysis and visual outputs using ArcGIS and Python.
- Contributed to product development research and analytics, enhancing tool accuracy for sustainable aquaculture management.

Cerdas Antisipasi Risiko Bencana (CARI!)

Online

Coastal Vulnerability Assessment Research Intern

March 2022 – June 2022

- **Core skill set:** hazard & vulnerability assessment, climate risk research, literature synthesis and documentation.
- Conducted data collection and literature reviews to support coastal vulnerability assessment (case study: Bird's Head Seascape, West Papua).
- Assisted in preparing research briefs, vulnerability summaries, and assessment reports for internal and stakeholder reference.
- Supported spatial and vulnerability analysis discussions related to coastal exposure, adaptive capacity, and community risk indicators.

Cityplan (PT. Kolaborasi Ruang Indonesia)

Online

Research Assistant

June 2021 – Aug 2021

- **Core skill set:** spatial data processing, geospatial policy analysis, data structuring (JSON/SQL), digital planning platform development.
- Collected spatial datasets (point locations of pharmacies) across 16 provinces in Indonesia.
- Processed land-use intensity datasets from 13 spatial planning documents into JSON & SQL using Excel and Visual Studio Code.
- Contributed to the development of RDTR Interaktif (<https://gistaru.atrbpn.go.id/rdtrinteraktif/>) enabling public access to land-use zoning and regulation compliance.

Tanoto Foundation

Online

Communication Associate (Virtual Internship)

Aug 2020 – Feb 2021

- **Core skill set:** stakeholder communication, public relations, communications planning.
- Managed official communication to 5,000+ applicants during TELADAN 2021 recruitment and final selection.
- Assisted in content preparation and information dissemination to scholarship applicants nationwide.
- Monitored applicant response flow and ensured timely information delivery throughout selection phases.

COURSES TAUGHT AND OTHER SERVICES

Institut Teknologi Bandung/ Bandung Institute of Technology (ITB)

Bandung City, West Java, Indonesia

Assistant Lecturer

Aug 2022 – Dec 2022

- **Core skill set:** teaching assistance, studio-based planning instruction, course facilitation, student assessment support.
- Supported course delivery for PL 4129 Regional Planning Studio (Bachelor's level) under Dr. Saut Sagala.
- Facilitated studio discussions and provided technical guidance during planning exercises and group work.
- Assisted with student feedback and assessment support, including review of interim outputs and final submissions.

- **Core skill set:** research assistance, literature review, research design support, academic writing support, qualitative synthesis
- Contributed to research on virtual runners' behavioral intentions under air pollution exposure in Greater Jakarta (research by Nurrohman Wijaya, S.T., M.T., M.Sc., Ph.D.).
- Conducted literature synthesis on green economy and circular economy (led by Prof. Dr. Sri Maryati, S.T., M.I.P.), producing structured summaries and data analysis.

- **Core skill set:** GIS lab facilitation, spatial analysis, technical mentoring, academic assistance.
- Facilitated weekly GIS practicums (around 30 students per cycle), supporting hands-on learning.
- Provided mentoring for final assignments, including guidance on spatial workflows and map presentation.
- Supported learning materials to ensure smooth delivery across practicum sessions.

ORGANIZATIONAL EXPERIENCES

Tanoto Foundation Scholars Alumni Association (PANUTAN) ([link](#))

Online

Head of Media and Communication Division

Aug 2025 – Present

- **Core skill set:** strategic communications, social media management, content strategy, digital branding, multimedia production.
- Managed Instagram and LinkedIn channels, maintaining consistent communication and engagement with alumni and external audiences.
- Created and implemented standardized design templates and brand guidelines to improve consistency across publications.
- Developed promotional and informational materials to document and amplify alumni association activities and programs.

Seribu Manfaat ID ([link](#))

Co-founder, Project Leader, and Board of Advisors

Online

Nov 2020 – April 2023

- **Core skill set:** youth development program design, organizational leadership, community building, digital outreach strategy.
- Founded and lead Seribu Manfaat ID, an educational social movement to empower high school students to prepare for their transition towards college through personal development, major exploration, and peer-to-peer mentoring.
- Managed the team to have five webinars (with a total of 365 webinar participants), mentoring program (with 60 mentees), upskilling webinars (for our 21 volunteers and 15 mentors) and Free Try Out (with 55 participants).
- Managed to have 1490 followers on Instagram as of March 31st 2021 (now we have around 5000 followers on Instagram).
- Successfully got Top 5 Best Project in Lead Others Program by Tanoto Foundation.
- Facilitated new Seribu Manfaat ID's committees by providing considerations and suggestions for the activities of the organization.

ITB's Urban and Regional Planning Student Association ([link](#))

Vice Chairman of Media and Communication Division

Bandung City, West Java, Indonesia

May 2021 – April 2022

- **Core skill set:** strategic communications, social media management, digital branding, website management, visual communication.
- Managed organisational social media channels (Instagram & LINE) and maintained consistent engagement with members and public audiences.
- Redesigned and managed the official association's website, enhancing accessibility and visual communication.
- Designed and delivered promotional media for multiple division programs according to schedule, ensuring timely publication across event cycles.

ITB's Christian Student Association (PMK ITB) ([link](#))

Head of External Division

Bandung City, West Java, Indonesia

Feb 2020 – Feb 2021

- **Core skill set:** stakeholder engagement, partnership coordination, event planning.
- Coordinated weekly division meetings every Monday, overseeing agenda planning, fellowship discussions, and activity execution.
- Organised and delivered a virtual campus visitation program with the Christian Student Association of Universitas Gadjah Mada, engaging more than 16 participants.
- Initiated, produced, and hosted two episodes of the Alumni Talk Podcast, strengthening alumni-student interaction and outreach.

ITB's Tanoto Scholars Association (TSA ITB) ([link](#))

Head of Media and Publication Division

Bandung City, West Java, Indonesia

Jan 2020 – Feb 2022

- **Core skill set:** communications management, content strategy, branding and style guidelines, multi-platform content production.
- Managed and operated TSA ITB's official social media channels (Instagram, LinkedIn, LINE, and Twitter), maintaining consistent information flow and public engagement.
- Developed and standardised social media design guidelines, ensuring visual consistency and branding alignment across publication outputs.
- Produced promotional and informational content supporting Tanoto Foundation scholarship programs and internal initiatives, strengthening communication reach across the student network.

ACHIEVEMENTS

- Young Explorers Program (YEP) Cohort 2025 by OceanX (2025)
- Runner Up – Tanoto Future Leaders Business Acumen Program by Tanoto Foundation and ANGIN (2022)
- 1st Place – National Essay Competition (2021), HIMESBANG FEB Universitas Jenderal Soedirman with theme: "The Role of Millennial Youth in Advancing Sustainable Fashion to Support the Circular Economy in Indonesia."
- 'Ganesha Karya' Award – Institut Teknologi Bandung/ Bandung Institute of Technology (ITB) (2021)
- 1st Place – National Essay Competition (2020), Sociology Student Association, Universitas Negeri Malang with theme: "Digidawisata: A Digital Tourism Application for Reviving Indonesia's Economy in the New Normal Era."
- TELADAN Scholarship Awardee – Tanoto Foundation (Batch 2019)
Selected as 1 of 150 scholars out of 5,540+ applicants from 9 universities across Indonesia for leadership and academic excellence.
- Grand Finalist (Top 5) – TELADAN Lead Others Group Project by Tanoto Foundation (2021)
- Top 10 Finalist – Economist Speak Up Essay, HIPOTEX-R IPB University (2020) Theme: "Bureaucracy Simplification and Market Demand Strengthening for Indonesian MSME Economic Recovery."

ADDITIONAL INFORMATION

Languages: English (Fluent), Bahasa Indonesian (Native)

Interests: policy analysis, qualitative and quantitative research, strategic partnerships, and business development

Skills:

- Spatial Data Analysis (ArcGIS, Python)
- Data Analysis (Stata)
- Graphic Design (Adobe Illustrator, Adobe Photoshop, Canva)
- Python Programming (Beginner level)
- Office Package (Word, Excel, PowerPoint)

CONSULTANCY AND RESEARCH WORK (WITH RESILIENCE DEVELOPMENT INITIATIVE)

Year	Position	Project Title	Client/Partner
2025	Facilitator	Climate Risk Management and Scenario Analysis (CRMS) Training with Bank Artha Graha Internasional Project Description: The project aims to enhance the capacity of financial sector stakeholders in understanding and managing climate-related financial risks. Through a dedicated training session, participants were introduced to key concepts in climate risk—including physical and transition risks—and practical approaches to scenario analysis.	Bank Artha Graha Internasional
2025	Facilitator/Support	Training on Adaptive Social Protection: Concepts, Policies, and Implementation Project Description: This program was designed to strengthen the capacity of lecturers and practitioners in understanding Adaptive Social Protection (ASP), covering conceptual foundations, policy frameworks, and implementation strategies in practice. The training introduced key components of ASP, such as vulnerability assessment, social safety nets, and shock-responsive systems, alongside case-based learning and policy application insights. I supported and oversaw the overall implementation process, from preparation and stakeholder coordination to training delivery and execution, ensuring that the program ran smoothly and met learning objectives.	Baresi Training Center (BTC)
2024	Researcher	Grand Design Scheme of Jakarta Cooperation Project Description: This project aims to develop a grand design that serves as a guideline for formulating standards and patterns of cooperation. The grand design also acts as a reference for issuing an operational cooperation roadmap, ensuring that the implementation of cooperation accommodates the needs of the government in providing the best services to the people of the Jakarta Provincial Government.	EY - Bureau for Regional Cooperation of Jakarta
2024	Research Assistant	Climate Change and Disaster Risk STA for RENSTRA Direktorat Sanitasi (DITSAN) Development (<i>Consultancy of RDI Research Fellow – Dr. Saut Sagala</i>) Project Description:	KIAT - Indonesia Australia Partnership for Infrastructure

Year	Position	Project Title	Client/Partner
		The main objective of these activities is to evaluate the existing Strategic Plan of the Directorate of Sanitation (RENSTRA DITSAN), assess the capacity of sanitation services to withstand climate change risks, and offer recommendations to improve their resilience.	
2024	Facilitator	Climate Risk and Resilience Training Project Description: This training was intended to enhance the knowledge and skills of professionals worldwide in the areas of climate risk and resilience. It combined presentations, hands-on exercises, and the sharing of lessons learned to provide practical insights into tackling climate-related challenges.	Wageningen Centre for Development Innovation (WCDI) and Asian Disaster Preparedness Center (ADPC)
2023	Research Assistant	Sustainable Infrastructure Assistance Program Phase II - Innovative Infrastructure Financing, Infrastructure Planning, and Program Management Support (Subproject 1) - Housing and Building Reconstruction Expert (<i>Consultancy of RDI Research Fellow – Dr. Saut Sagala</i>) Project Description: The project aims to develop a manual for post-disaster housing and building reconstruction, with the goal of strengthening climate and disaster resilience by integrating local wisdom and modern design and construction technologies in Indonesia.	Asian Development Bank (ADB)
2023	Research Assistant	Infrastructure Resilience Policy Advisory (<i>Consultancy of RDI Research Fellow – Dr. Saut Sagala</i>) Project Description: This project aims to assess Indonesia's current policies and regulations related to resilient infrastructure by drawing insights from international best practices. The objective is to provide expert guidance on enhancing Indonesia's strategy for integrating climate resilience throughout the entire lifecycle of infrastructure, from design and planning to construction and management.	KIAT - Indonesia Australia Partnership for Infrastructure
2023	Facilitator	Managing Risk in the Face of Climate Change (MRFCC) Project Description This training was designed to equip professionals from around the world with knowledge and skills in climate risk management. Held in Indramayu Regency in Indonesia, this training emphasized the urgent need for climate change risk mapping and management while also initiating dialogue on the importance of interdisciplinary approaches in addressing climate-related challenges.	Wageningen Centre for Development Innovation (WCDI) and Asian Disaster Preparedness Center (ADPC)
2023	Research Assistant	Deep Dive Country Studies on Recycling Infrastructure in Indonesia	Deloitte

Year	Position	Project Title	Client/Partner
		Project Description: This project aims to evaluate plastic packaging waste management in Jakarta, Medan, and Tangerang by analyzing relevant policies, economic factors, technological practices, and social behaviors. It underscores the critical role of both fiscal and non-fiscal incentives in tackling environmental issues effectively.	
2022	Research Assistant	IKN's Forest City Planning Masterplan Review (<i>Consultancy of RDI Research Fellow – Dr. Saut Sagala</i>) Project Description: This project supports IKN's urban development by analyzing forest city planning and providing strategies to enhance the IKN Master Plan. The recommendations focus on managing landscapes, preserving biodiversity, and restoring climate-resilient ecosystems like forests and mangroves to boost carbon sequestration and promote sustainable resource management.	Deloitte
2022	Research Assistant	Social Innovation Platform for Agritourism Development Project Description: This project aims to implement the Social Innovation Platform (SIP) to foster multi-stakeholder collaboration in addressing socio-economic challenges in Sukabumi, West Java, Indonesia. It focuses on developing community-based agritourism, strengthening sustainable agriculture and food systems, and empowering local institutions and Micro, Small, and Medium Enterprises (MSMEs).	UNDP
